Acxius Strategic Consulting Partners with expressor software

Acxius to deploy expressor semantic data integration system at Global 2000 for customers in insurance services, healthcare, retail, manufacturing and life sciences markets

Morganville, NJ June 3, 2009 - Acxius Strategic Consulting, a management consulting and systems integration company today announced a reseller and systems integration agreement with expressor software, a leading provider of [semantic data integration](#) solutions. The relationship calls for Acxius to help customers meet data, information, performance, and project management goals by implementing the [expressor semantic data integration system](#)[™].

“expressor’s unique semantic rationalization capabilities and role-based development environment make it a compelling choice for organizations looking to reduce the cost and complexity of their data integration initiatives,” said Biswa Bhattacharya, founder and chief executive officer, Acxius Strategic Consulting. “We look forward to working with expressor software to extend the company’s reach into a wide range of markets served by Global 2000 companies.”

“With deep experience in information management and business intelligence, Acxius is an ideal partner for expressor software,” said Frank Fallon, VP sales and business development, expressor software. “Both our organizations share a commitment to delivering aggressive, yet pragmatic, cost-effective solutions that deliver measurable value to our customers.”

Acxius’ Chief Technology Officer, Robert Scott will be a featured speaker in the expressor software sponsored webinar on “complex data and high-speed business analytics,” scheduled for July 16th at 11:00 am EDT (Global 2000). Click [here](#) for more information and to register.
